Dear Insurance Representative;

It is my understanding that many insurance companies can offer discounts on homeowner's insurance based on the installation, and continued maintenance of **Fire and Life Safety Equipment**.

The following list of **Life Safety Equipment** is installed and checked on a regular basis in the property listed below.

Smoke Detector	Location	Battery Changed & Test Date
1		
2		
3		
4		
Fire Alarm Y/N	Location:	Install Date / Test Date:
Fire Alarm Brand:	Serviced By:	Monitored by:
Fire Extinguisher type	Location	Last Service Date

In addition, the following items have been treated with LESSFIRE's **FLAMETARD for Fabric**:

\_\_\_\_\_

**FLAMETARD for Fabric** can meet or exceed NFPA 701 and MVFS 302 Standards on many fabrics, especially cotton blends such as most furniture and drapery/curtain fabrics. Initial ignition of treated fabrics is extremely difficult. Charring of fabric will occur and smoke detector should sound. See website at [www.flametard.com](http://www.flametard.com) for details

Also, the following interior areas have been treated with LESSFIRE's **FLAMETARD for Wood Class 'B'**.
